To whom it may concern,

Orlando SEO Consultants built our www.dexwine.com websites in 2012. Three websites in total, one for each of our locations. Web traffic to our sites have tripled since we launched. We now enjoy position one on page one when searched for in Google.....every-time.

This letter is written in order to outline the positive experiences we encountered during this process.

Our original site was a template and very limited with what could be done with it.

In going through the interviewing process for the person/company that would perform this work, it became abundantly clear that Kevin and his company was the correct choice.

He laid waste to all of his competition instantaneously by being proactive and available immediately should he be needed. His timely service was outstanding and he brought my confidence level up to a point that I have never experienced working with a web designer. If I had a question, it was answered, then a solution provided before I even finished the sentence.

Kevin took the time to learn about our business model first. This was a smart move. After that, he not only outlined the building process, but built a mock site for us to look at so we could wrap our minds around his design. He did this first without any money changing hands as he was confident in what he needed to build. We bit immediately as his designs were everything we were looking for. It was difficult to believe that his designs were so spot on, as both my partners and I had had several meets with other designers that left us scratching our heads because of a lackluster presentation or a completely wrong turn not suited for us. There were very few tweaks to it from us because Kevin had thought through the process ahead of time. When we had questions, he had answers and adjustments on the spot. He made himself available after the fact as well. He also trained us on how maintain our site ourselves.

I can't say enough good stuff about Kevin, the fellow is on the ball, he has an encyclopedic knowledge of the WWW, its tricks and trip ups and can be recommended without reservation.

If you have any questions, please feel free to call us at 407-629-1150 for further info you may need.

Sincerely,

Adrian Mann, Co-Owner, Sec, Tres, Dexters Restaurant Group.
